SALES & TECHNICAL SUPPORT CENTER INAUGURAL SEMINAR

I Holland Americas would like to invite you to attend a 2 day technical seminar to mark the opening of our new Sales and Technical Support Center located in Fort Myers, Florida. This event will take place Tues 20th & Wed 21st September 2011 at the new facility and is completely free to attend with all meals and accommodation paid for by I Holland. To celebrate the opening of I Holland Americas we will be hosting an event on the Gulf of Mexico to which all attendees will be invited.

This valuable technical seminar will consist of presentations and demonstrations designed to show how tablet manufacturers can increase their productivity through early recognition and remedy of common tableting and tooling issues combined with the use of the PharmaCare™ 7-Step Process. This process can be used to recommend an S.O.P. for all tooling care and maintenance requirements. There will be an opportunity to get hands on with this equipment which is showcased in the new facility at Fort Myers, you can even bring your own samples to see how these practices can work on your own tooling.

The Sales & Technical Support Center at Fort Myers will be providing around the clock support to I Holland customers located throughout the Americas and will be demonstrating and providing trial facilities for our wide range of PharmaCare™ equipment.
